PART 1

LICENSING POLICIES AND PROCEDURES

CANDIDATES FOR LICENSING

Crossway Network will grant ministry credentials to those who meet the requirements of the IRS for the role of “minister” as affirmed by their local church. This includes those ordained (or recognized) as pastors in their local churches, as well as others who meet the IRS requirements and have roles of ministry within their local churches, but who are not formally recognized as pastors. We encourage licensing for all pastors serving Crossway Network churches. Licensing with Crossway is required for lead pastors of established churches and for new Crossway church plants in the Network family.

LICENSING PROCEDURE

Those wishing to pursue credentials through Crossway Network will go through the following procedure. This includes both those who are pursuing licensing for the first time, as well as those wishing to switch credentials they currently hold through another organization:

- The endorsement of the candidate’s local church, including the affirmation that the individual currently meets the requirements of "minister" according to the IRS tax code as defined by that local church’s policies. See Part 2 below.
- An extensive theological and personal application to be submitted to the licensing team included below in Parts 3-5.
- A formal interview before the Crossway Licensing Team (spouse included) either in person or via video conferencing.
- Formal approval or denial from the Licensing Team

TERMS OF LICENSING

Licensing is intended only for those actively ministering within Crossway Network churches. Candidates who are in a process leading toward a long term Crossway partnership may apply and be licensed as well. This will include pathways like church plant residencies, church adoptions, international church planting, and church revitalization. A ministerial license will be renewed automatically every two years. If a leader moves on to ministry outside of the Crossway Network, their ministerial license will not be renewed. If an extension is needed on the way to obtaining licensing through another agency, one can be requested. Extensions will be granted for one year with an evaluation of what may be needed going forward at the end of that year.

LICENSING TEAM

The Crossway Licensing Team will consist of three to five pastors from within the Crossway Network, with at least one who is also serving on the Crossway Servant Team. The Licensing Team members will be approved through yearly communication with the Crossway Network lead pastors. One of the Licensing Team members will serve as the Director of Licensing to schedule licensing interviews, maintain records, and distribute credentials for new and existing licensed Crossway pastors.

PURPOSE OF THE LICENSING TEAM

To uphold the theological convictions and integrity (DNA) of the Crossway Network as defined in the Network Booklet (“Crossway at a Glance”) and the DNA Curriculum. Candidates will be expected to show a solid theological understanding and have the ability to represent their own views thoroughly and biblically. The team will also look into the character and practical ministry skills of the candidate, although they will trust and rely heavily on the local church who has recommended the candidate to the process in these areas.

PART 2

LOCAL CHURCH AFFIRMATION

All applicants for licensing must have the endorsement of the pastoral team of their local church. Please have a pastor from your church complete this section and include it when you submit your completed application. They are required to review your completed application before you forward it to the licensing committee.

PART 4

CROSSWAY NETWORK DNA

Crossway Network consists of like-minded churches who are in voluntary partnership around three key areas of distinction: Biblical Convictions, Ministry Philosophy, and Leadership Culture. These three areas give clarity and definition to what draws us together in ministry to plant churches. These form the “DNA” of our Network, and as such, it is critical that those licensed for ministry within Crossway share this DNA. [SEE OUR DNA HERE \(link in electronic copies\).](#)

GENERAL

1. Why are you interested in being licensed under the Crossway Network umbrella?
2. Have you read, and are you in agreement with the **Biblical Convictions** of Crossway as outlined in Part 1 of our DNA Curriculum? Do you have any reservations or areas of divergence? If so, please explain in detail?

DNA 1: BIBLICAL CONVICTIONS

1. Due to our “complementarian” view of men’s and women’s roles, we believe there is a restriction in 1 Timothy 2:12 of a woman not teaching or exercising authority over a man within the local church. In your understanding, what does this restriction mean practically? How would it influence the way you structure ministry? What roles in the church would you want to train and empower women for so that they are fully unleashed and enabled in their gifting for the benefit of the local church?
2. Have you ever seen the church discipline process of Matthew 18 carried out in the local church? Describe the circumstances, the process, and the outcomes.

DNA 2: MINISTRY PHILOSOPHY

1. Describe a time when you experienced genuine biblical community with others? How have you been used by God to reproduce that experience with others?

2. What is the Biblical support for the local church being led in plurality?
3. Why is it important for the local church to be led in plurality? What are the blessings that come with having a plurality in the pastoral leadership? What are the liabilities when it is absent?
4. As a pastor or leader, have you experienced leading in the context of plurality? Please describe your experience.
5. Describe a time when another leader spoke into your life for the sake of your own growth and sanctification? How did you handle it? How did God use it in your life?
